

SOCIETY to
IMPROVE
DIAGNOSIS in
MEDICINE

Mark your calendars for the **Diagnostic Error in Medicine 12th Annual International Conference (DEM2019)**, taking place **November 10 - 13, 2019 in Washington, D.C.** The Society to Improve Diagnosis in Medicine (SIDM) continues to catalyze and lead change to improve diagnosis and eliminate harm from diagnostic error through its annual conference.

DEM2019 will highlight developments in the field of diagnostic quality and safety, while focusing on the unique role of public policy in driving advances in research, quality, improvement, and medical education.

At DEM2019, you will meet physicians, patients, nurses, healthcare professionals, researchers, institutional leaders, policymakers, educators, students, and residents who are dedicated to reducing diagnostic error in medicine.

We hope to see you in Washington, D.C. this November!
